Subject: Re: DSA Marin outreach re local campaign

Thanks, Chance. Moving you to bcc.

Hi Renee, my name is Curt Ries and I'm one of the co-chairs of Marin DSA's Rent Control Committee. Cc'd is Kyle, my wife and fellow co-chair, and Maegan and Chris, both Fairfax members of our organizing team. As Chance mentioned, we're working on a campaign to establish rent control in Marin County, starting in Fairfax and San Anselmo and would love to speak with you about our progress and the possibility of working together on this important issue.

So far, we've collected over 800 petition signatures in support of rent control countywide, including nearly 300 from Fairfax residents, the majority of whom are working-class renters. We're regularly canvassing outside of Good Earth and going door-to-door at apartment complexes across town – the community response has been overwhelmingly positive. I'm also pleased to report that the Sierra Club Marin Group is supporting our campaign and will be sending an official letter to the council and an email to their local membership. You can view our online petition [here](#) and a campaign executive summary [here](#).

Would you be willing to speak with us in-person or via Zoom over the coming weeks about the campaign? We are all fully vaccinated.

Thanks so much,

Curt
